Light refreshments will be provided on the night from 7.00pm (6.00pm Chapter House) with the main program scheduled to finish at around 9.30pm (8.30pm Chapter House).

WHAT'S HAPPENING ON THE NIGHT?

1. We will kick off by hearing from **Petar Ankucic from WorkCover NSW** who will lead us in “**Getting back to basics with Parish Risk Management**”. Petar has been a State (Safety) Inspector for WorkCover NSW for over 20 years and deals in a wide variety of OH&S issues, high-level government working parties and is responsible for the training of new OH&S inspectors. WorkCover NSW are very supportive of our Parish Risk Management Program, and have volunteered their time to provide parishes with some practical tools & advice for implementing common sense risk management strategies.

Please note that Module 4 of the Parish Risk Management Program will be handed out at the end of the night.

2. Like many other organisations, your parish is subject to a vast array of government regulation. So, to finish the night **Steve Lucas, Manager, SDS Legal Services**, will outline the “**Top 10 legal risks facing parishes.**” Come along and find out what Steve thinks they are and have your say!

We look forward to seeing you...
